Caedmon College Whitby are committed to providing the best learning experience for our students, and preparing them for the wider world outside of school. We strongly believe that this means providing pupils with access to technology.

We want to provide each and every pupil with their own personalised learning device which they can use at school and at home. We know that for parents, making an investment in technology isn't always possible. If the technology is available at home, it may not be suitable to bring it into school, in case of issues with security and compatibility.

In order to provide seamless access to technology, we have partnered with Freedom Tech to launch the Tech 4 Learners 1:1 device programme.

## About Tech 4 Learners

Tech 4 Learners is a 1:1 parental contribution programme for schools run by financial solutions provider and educational specialists Freedom Tech, enabling us to give our students access to technology that will greatly enhance their learning experience.

Freedom Tech have a strong background in education and partner with leading manufacturers and resellers in education technology. They are financially stable and wholly owned by CSI Leasing, one of the world's largest leasing companies with over

**"We want to provide each and every pupil with their own personalised learning device which they can use at school**

## How it works

Parents will make fixed monthly payments to access the technology. There is also an option to pay in full if this is preferred.

For parents and students, Tech 4 Learners offers:

- The latest technology for pupils: a personalised learning device they can use at school and at home
- Enhanced learning outcomes through consistent access to technology and powerful learning resources
- Fully insured technology - each device is protected in the event of accidental damage or theft, for the duration of the programme
- The ability to pay for the latest technology in manageable monthly payments
- No personal credit checks - get up and running and contributing
- The device is yours at the end of programme at no extra cost

## The device

### Lenovo 100e Chromebook (non-touch screen)

This 11.6" Chromebook is light, portable, rugged, and productive – the ultimate everyday learning tool. It brings Google Classroom, G Suite for Education, and today's most popular education apps to students and teachers, making digital education accessible, enjoyable, and manageable. And it does so on a budget any school administration would love.

### How technology helps students learn

Having their own learning device helps students of our school get seamless access to lesson resources which are designed to make the most of technology. Being competent with technology is becoming increasingly important in the wider world and we want to ensure students are as prepared as possible for a digital society. There have been numerous studies that suggest more positive outcomes for students when they are given frequent and consistent access to technology.
